

The Inside Rail

HOW TO.... check-in your greyhound

1. You will receive an SMS or email when your greyhound/s are due for a check-in.
2. Visit the eTrac map on the GWIC website to find your nearest check-in location and make an appointment.
3. Attend your check-in appointment with your greyhound/s. It takes 30 seconds to scan and check-in each greyhound and information is updated in the eTrac system immediately.

RACE INJURY REBATE SCHEME

Financial help is available for trainers if your greyhound is injured during a race.

GRNSW's Race Injury Rebate Scheme can cover some of the veterinary costs.

To access the scheme visit:
www.grnsw.com.au

NSW Next Generation

**Colby Smith | 18
Race Official**

How old were you when you first joined the greyhound racing industry?
Sixteen.

Why did you decide to get involved in greyhound racing?

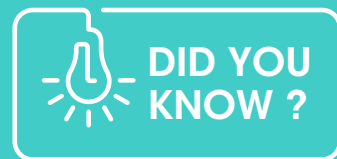

I saw the opportunity to work outside, to learn all about the greyhound industry and to work with a great team of professionals.

What has been your biggest achievement in greyhound racing so far?

Learning new skills to be able to work in a range of different positions.

What do you love most about greyhound racing?

I love the people I work with, the greyhounds and being part of the greyhound community.

When a greyhound is retired outside of the industry, it is placed onto the NSW Pet Register.

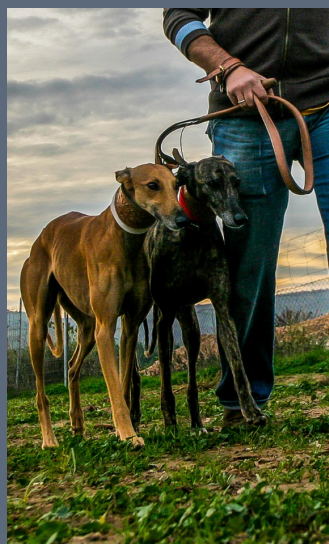

Greyhounds that are retired to an industry participant stay registered with GWIC.

Code of Practice - ESE Plan

Standard 7.12 of the Greyhound Welfare Code of Practice requires trainers to document an Exercise, Socialisation and Enrichment Plan (ESE Plan) for the greyhounds at their kennels.

A template is available on the GWIC website to help trainers meet this standard.

For assistance completing the template, contact GWIC on 13 49 42 (13 GWIC).

From the Stewards' Box

A reminder that greyhounds need to be identified by a GWIC steward before their maiden start.

Stewards suggest getting your greyhound identified prior to race day to avoid any issues.

Consider attending the track with your greyhound the week before their maiden race so that you are ready to go on race day.
