

TRIAL TRACK INJURY RECORD

The GWIC Trial Track Policy requires trial track proprietors to keep records of any injury sustained by a greyhound at the track, including the name of the greyhound (if named), the greyhound's ear brand, and the name and registration number of the greyhound's owner and/or trainer. Use this template to record any greyhound injuries that occur at your trial track.

Participant name	ID number	Greyhound ID	Injury (Please provide as much detail as you can)	Date

Track name:	
Address:
