

# Mandatory and permitted gear for greyhounds racing in NSW

Gear, as defined by the Greyhound Racing Rules, means any strapping or equipment (including a muzzle) permitted to be applied to a greyhound in connection with the kennelling, presentation for or competing in an Event.

As a controlling body, the Commission has compiled a list of items considered mandatory or permitted gear to be applied to a greyhound in connection with kennelling, presentation for racing or trialling.

**!** **MANDATORY** gear must be applied to the relevant greyhound when on a racecourse.

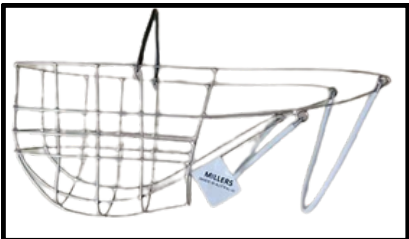

**✓** **APPROVED** gear requires permission of stewards

**✓** **PERMITTED** gear may be applied to greyhound on a racecourse, following application of the trainer and approval by GWIC.

**?** **QUESTIONS** should be directed to the GWIC steward.

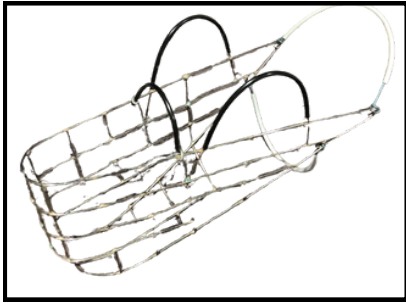

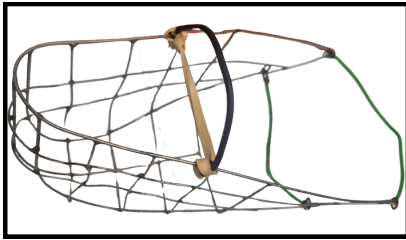

## Mandatory

Item	Note
Lead and collar	Or rope which provides effective control of the greyhound in a public place or licensed racecourse. Post-race only.
Muzzle (non-barking muzzle)	Racing muzzle must be properly fitting, and made from wire. 
Plastic muzzle (American)	Pre-race and post-race only. 
Water bowl	With clip for attachment to the kennel, unless the greyhound has an official exemption, then the water bowl must be removed. The water bowl must be of adequate size to allow the greyhound to drink and applied to a greyhound i.e. a trainer must give a greyhound access to it during kennelling.
